

Drop-in replacement of 33mm ultracapcitor cells with 310F

- Rated voltage 3VDC
- 310F capacitance
- Drop-in replacement of 33mm cells such as BCAP0310-P270
- Highest power density based on ultra-low ESR
- High cycle life of 1 million cycles
- Hermetically sealed cell
- Most ruggedized cell based on all laser welded design
- Radial terminals for PCB mounting

As easy as
changing tyres!
