

sech

Most powerful and ruggedized cell in the market

- Rated voltage 3VDC
- 330F and 360F capacitance
- Ultra-low ESR
- Power density of up to 32kW/kg
- High cycle life of 1 million cycles
- Hermetically sealed cell
- Radial terminals for PCB mounting
- AEC-Q200 qualified product for automotive applications
- Most ruggedized cell in the market solely complying with ISO 16750 table 12 requirements
